

Accommodations for Applicants with Disabilities

The University of Tokyo provides reasonable accommodations to ensure that individuals with disabilities are not disadvantaged during entrance examinations and studies after enrollment, and provides consultation services for this purpose.

Those who wish to request accommodations for entrance examination are required to contact the Gakumu Team (Academic Affairs Division) by the following deadline. Based on the requested accommodations, the applicants will be notified of the necessary application documents. After reviewing each request, the University will determine the accommodations appropriate to the type and degree of the disability and will inform the applicant of the result.

[Contact Deadlines]

For Summer Application : June 9, 2025

For Winter Application: October 17, 2025

* Although requests made after the above deadline will still be considered, it is recommended that applicants send their requests well in advance as it may not be possible to provide certain accommodations without sufficient preparation time.

Category	Eligibility
Vision impairment	<ul style="list-style-type: none">• Those who receive education in Braille• Those whose corrected visual acuity in both eyes is generally less than 0.3, or those with a severe visual impairment other than visual acuity for whom such recognition of standard characters, figures, etc. is impossible or extremely difficult even with the use of magnifiers or other devices• Those with other visual impairment
